

SMURBS – 1st Stakeholder Workshop

World Café – Fishbowl Introduction

SMURBS
ERA-PLANET

Markus Quante, HZG

27. March 2018 / Hamburg

World Café - Introduction

On the method

The "**World Café**" is a structured communication process intended to facilitate **open and intimate discussion**, and link ideas within a larger group to access the "collective intelligence" or "collective wisdom" in the room.

Participants **move between a series of tables** where they continue the discussion in response to a set of questions focused on the specific goals/topics of each **World Café**.

Forum for **creative or open thinking** and is not suited to problem areas where there is a predetermined answer or solution.

Café atmosphere – all participants should get a chance to speak → **sharing viewpoints**

Participants are encouraged to **write or doodle on a paper tablecloth** so that when people change tables they can see what previous groups have expressed.

World Café - Introduction

Implementation

Café host

several tables – each table has a host and a rapporteur - plus mixed group of participants

Here Café host – Markus Quante

Tuesday 27.03. 14:30 - 16:00

Round 1: ***Current approaches for smart city solutions – success stories and challenges***

Table:	topic	 host	 rapporteur
Table 1:	Air Quality/Health	Jay Slowik	Eleni Athanasopoulou
Table 2:	Urban Growth/Migration	Palma Blonda	Orestis Speyer
Table 3:	Disasters	Harris Kontoes	Alexia Tsouni

+ a mixed group of participants (6 to 7) | 40 minutes per table | two topics each

World Café - Introduction

Tuesday 27.03. 17:00 - 18:00

Round 2: *The future of smart cities – where do we want to be in 5 years?*

Table:	topic	 host	 rapporteur
Table 1:	Air Quality/Health	Jay Slowik	Eleni Athanasopoulou
Table 2:	Urban Growth/Migration	Palma Blonda	Orestis Speyer
Table 3:	Disasters	Harris Kontoes	Alexia Tsouni

+ a mixed group of participants (6 to 7) | 30 minutes per table | two topics each

Fishbowl- Introduction

Four to five chairs are arranged in an inner circle. The remaining chairs are arranged in concentric circles outside the fishbowl

The moderator introduces the topic and the participants start discussing the topic. The audience outside the fishbowl listen to the discussion.

In an open fishbowl, any member of the audience can, at any time, occupy the empty chair and join the fishbowl.

When this happens, an existing member of the fishbowl must voluntarily leave the fishbowl and free a chair.

The discussion continues with participants frequently entering and leaving the fishbowl.

When time runs out, the fishbowl is closed and the moderator summarizes the discussion.

Fishbowl- Introduction

Wednesday, 28.03. 11:00 – 12:00

Fishbowl: Smart Urban Solutions – how can we reach our goals with Earth Observations?

“Fishbowl” discussion on closing the gap between “where we are” and “where we want to be in 5 years”. How could SMURBS help to improve smart city applications with Earth observations?

Moderator: Volker Matthias, Evangelos Gerasopoulos
